

CAN-BRAC™ UNIVERSAL OFFSET SIGN MOUNTING SYSTEM

OVERVIEW

The CAN-BRAC™ Universal Offset Sign Mounting System (UOSMS) is the latest sign mount in our CAN BRAC line of products that combine industry established quality and hands on, practical innovation. The UOSMS like many of our products is simple yet dynamic.

Traditionally sign mounting systems are designed to mount horizontally or vertically for either a pole or a mast arm . Not only can The Universal Offset Sign Mounting System be configured either way but also has a completely adjustable offset that can be simply adjusted to various offset signs in a minute. Available in cable, clamp and band, the mounting possibilities are endless yet seamless.

The CAN BRAC™ Universal Offset Sign Mounting System is made of primary grade aluminum, designed for maximum strength, corrosion resistance, and ductility.

FEATURES—ADJUSTABLE OFFSET PLUMBIZER

- Quick and simple installation
- Universal mounting : Vertically or Horizontally
