

PARK PEDESTAL

41" POWER DISTRIBUTION PEDESTAL

FEATURES

Designed for RV Campgrounds, Marine Docks & Decks, Parks. Can be mounted on any surface. Wood, Concrete, Direct Burial (Requires additional below grade base plate).

Delivered "Ready to Install", and ESA approval. Hardware to fasten pedestal is included with baseplate for above grade Pedestal mount.

CONSTRUCTION

Constructed from heavy-gauge aluminum. Electrostatic UV and Corrosive resistant powdercoat in "Equipment Green" as standard. All doors constructed to prevent weather intrusion without the means of rubber gasket.

Concealed Ventilation under lid to prevent condensation build-up. Stainless Steel fasteners used to mount all internal and external components. Circuit breakers within pedestal, or without. Typically provided with weather proof lockable covers, but optional heavy duty in-use covers can be provided.

Pedestal Enclosure Sits 41" tall x 6" wide x 6" deep.
